EDUCATION AND TRAINING

Bachelor of Computer Applications in Data Science

Amrita Vishwa Vidyapeetham [21/10/2021 – 30/06/2024]

City: Mysuru | **Country:** India | **Website:** https://www.amrita.edu/ | **Field(s) of study:** Information and Communication Technologies: ● Database and network design and administration ● Software and applications development and analysis ● Inter-disciplinary programmes and qualifications involving Information and Communication Technologies (ICTs) ; Natural sciences, mathematics and statistics: ● Mathematics ● Statistics | **Final grade:** 7.88 | **Level in EQF:** EQF level 6 | **Thesis:** CLASSIFICATION AND QUALITY GRADING OF MEDICINAL FLOWERS USING COMPUTER VISION MODELS

Mathematics for Data Science (Linear Algebra, Probability, Statistics, Inferential Statistics, Time Series Analysis)
Programming and Problem Solving (C, Python)
Object-Oriented Programming using Java
Data Structures and Algorithms
Exploratory Data Analysis using Python
Database Management Systems
Machine Learning and Artificial Intelligence
Pattern Recognition
Data Mining
Big Data Analytics and Data Visualization
Operating Systems and Computer Networks
Cloud Computing
R Programming for Data Science
Software Engineering
Web Technologies
Internet of Things (IoT)
Spreadsheet Modeling for Data Science

Higher Secondary Certificate (Class XII)

Kendriya Vidyalaya Kollam (CBSE) [01/04/2020 – 30/07/2021]

City: Kollam | **Country:** India | **Final grade:** 87% | **Level in EQF:** EQF level 4

Completed higher secondary education under the CBSE curriculum with Physics, Chemistry, Mathematics, Computer Science and English.

Higher Secondary Certificate (Class X)

Kendriya Vidyalaya Kollam (CBSE) [01/04/2018 – 06/05/2019]

City: Kollam | **Country:** India | **Final grade:** 91.8% | **Level in EQF:** EQF level 3

Completed secondary school education under the CBSE curriculum with English, Hindi, Mathematics, Social Science and Science.

WORK EXPERIENCE

LTIMindtree – Bengaluru, India

Engineer - Cloud & Infra Management

[06/09/2024 – 17/03/2026]

- Provided technical support for enterprise cloud platforms (Okta, Microsoft 365), resolving authentication, access control, and service availability issues.
- Analyzed incident trends and operational data using Microsoft Excel to identify recurring issues and improve resolution efficiency.
- Coordinated with client stakeholders and internal teams to ensure SLA compliance and timely resolution of high-impact incidents.
- Managed ticket lifecycle through Zendesk, prioritizing incidents based on SLA requirements and business impact.
- Generated operational performance reports using Excel dashboards and PowerPoint for management review.
- Contributed to process optimization by creating and revising SOPs and technical documentation.

Classification of Indian Medicinal Flowers using MobileNetV2 This work delves into the classification of Indian medicinal flowers using Deep Learning techniques, addressing a notable gap in existing literature. Leveraging the MobileNetV2 lightweight model, we present a robust methodology that achieves an impressive accuracy of 98.23% on a comprehensive dataset of 3343 images across 13 classes of medicinal flowers collected manually from Kerala and Karnataka.re the description...

Authors: Bipin Nair B J, Arjun B, Abhishek S, Abhinav N M, Varun Madhavan | **Journal Name**: 2024 11th International Conference on Computing for Sustainable Global Development (INDIACom) | **Publisher**: IEEE

PROJECTS

Classification and Quality Grading of Medicinal Flowers Using Computer Vision Models Description:

- Academic final-year bachelor's project focused on applying computer vision and machine learning techniques to medicinal flower classification and quality assessment.
- Project was carried out as a group of four students, with clearly defined individual responsibilities.

Key Activities & Project Outcomes:

- Conducted a comprehensive study on the classification and quality grading of Indian medicinal flowers using computer vision and machine learning techniques.
- Created a novel dataset of 6,313 images across 28 medicinal flower classes, collected from botanical gardens, ayurvedic gardens, and plant nurseries in Karnataka and Kerala.
- Developed an additional dataset for Hibiscus flower quality detection, consisting of fresh and dried flower images.
- Applied data preprocessing, augmentation, and enhancement techniques to improve model performance.
- Trained and evaluated multiple deep learning models using different train–test–validation splits and standard performance metrics.
- Proposed a custom deep learning model (FlowerNet) that achieved high classification accuracy.
- Implemented machine learning models using geometric, color, and texture features to predict medicinal flower quality.
- Identified Decision Tree–based models as effective for distinguishing fresh and dried flowers.
- Demonstrated applicability in medicinal plant identification, quality assessment, and horticulture-related domains.

CONFERENCES AND SEMINARS

[02/11/2023 – 04/11/2023] Mysuru, India

IEEE The 12th International Conference on Cloud Computing in Emerging Markets 2023 Attended the IEEE 12th International Conference on Cloud Computing in Emerging Markets (CCEM 2023) and presented a Student Project Showcase titled "Classification of Indian Medicinal Flowers Using MobileNetV1" as part of a team. The project focused on applying deep learning techniques for image classification, demonstrating the use of MobileNetV1 for efficient recognition of Indian medicinal flower species.

SKILLS

Personal Skills

teamwork principles / attend to detail / think analytically / Self-learning and adaptability / solve problems / manage time

Technical Skills

Python (computer programming) / SQL / database management systems / Data Science | Data Collection, Data Processing, Data Analysis, Data Visualization / machine learning / MS PowerBI Desktop / Microsoft Office: Word, Excel, Powerpoint, Outlook, OneNote / statistics / Exploratory Data Analaysis

LANGUAGE SKILLS

Mother tongue(s): Malayalam

Other language(s):

English

LISTENING C1 **READING** C1 **WRITING** C1

SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** C1

Hindi

LISTENING C1 **READING** C1 **WRITING** C1

SPOKEN PRODUCTION C1 **SPOKEN INTERACTION** C1

Tamil

LISTENING B2 **SPOKEN PRODUCTION** B1

SPOKEN INTERACTION B1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

CERTIFICATIONS

[Coursera, 13/02/2024]

Foundations: Data, Data, Everywhere Learning outcomes / Skills acquired:

- Defined and explained core concepts in data analytics, including data, data analysis, and data ecosystems.
- Demonstrated analytical thinking through self-assessment and real-world examples of problem-solving approaches.
- Explained the role and importance of spreadsheets, query languages, and data visualization tools in the data analytics workflow.
- Described the role of a data analyst, including typical responsibilities and job functions across industries.

Mode of learning: Online

[Coursera, 24/07/2024]

Ask Questions to Make Data-Driven Decisions Learning outcomes / Skills acquired:

- Applied the problem-solving roadmap to common data analysis scenarios.
- Used data to support and inform structured decision-making processes.
- Performed basic data analyst tasks using spreadsheets, including data entry, organization, and formatting.
- Applied principles of structured thinking to define problems and ask effective analytical questions.

Mode of learning: Online

RECOMMENDATIONS

Name: Dr. Bipin Nair B J | Assistant Professor, Dept. of MCA, School of Computing, Amrita Vishwa Vidyapeetham (Mysuru Campus)
Dr. Bipin Nair B J, Assistant Professor, Department of MCA, School of Computing, Amrita Vishwa Vidyapeetham (Mysuru Campus), supervised my final-year bachelor's research project titled "Classification and Quality Grading of Medicinal Flowers Using Computer Vision Models" and evaluated my research work and academic performance.
Email: bj_bipinnair@my.amrita.edu

Name: Sudharshan Duth P | Assistant Professor, Dept: of MCA, School of Computing, Amrita Vishwa Vidyapeetham (Mysuru Campus)
Mr. Sudharshan Duth P, Assistant Professor, Department of MCA, School of Computing, Amrita Vishwa Vidyapeetham (Mysuru Campus), taught me multiple core computer science subjects during my undergraduate studies and assessed my academic performance and analytical skills.
Email: p_sudharshanduth@my.amrita.edu

Name: Alex Ebenezar | Manager - Cloud & Infrastructure Management
Mr. Alex Ebenezar is my Senior Manager at LTIMindtree Limited who evaluated my professional work as an Engineer - Cloud & Infrastructure Management, including infrastructure support, cloud environments, and client-facing IT operations.
Email: Alex.Ebenezar@ltimindtree.com

VOLUNTEERING

[01/06/2016 – 30/03/2021] Kollam, Kerala, India
Bharath Scouts & Guides (BSG)
Actively involved in the national youth organization for school students, Bharat Scouts and Guides, during school years. Participated in organizing school events, community service activities, and team-building programs, promoting leadership, personal development, and civic responsibility. Attended scout camps for upskilling, developing teamwork, discipline, and organizational skills.

HONOURS AND AWARDS

[31/07/2018] Bharat Scouts and Guides
Rajya Puraskar Awarded the Rajya Puraskar for outstanding achievement in the Bharat Scouts and Guides program, recognizing leadership, community service, personal development, and commitment to social responsibility. Completed required service projects, skill activities, and participation in scout camps to meet the award criteria.

HOBBIES AND INTERESTS

Reading I enjoy reading both fiction and non-fiction, particularly stories that combine mythology and mystery. Favourite books include Percy Jackson, The Da Vinci Code, and Angels & Demons

Films and Series I enjoy films and series with strong storytelling and thought-provoking themes, including *Interstellar*, *Inception*, *The Shawshank Redemption*, *Game of Thrones*, and *Dark*.

Travelling I enjoy exploring new places and cultures. I have travelled to Delhi and Gujarat recently and have spent time in Mysore and Bangalore for my studies and job. I hope to explore Switzerland or Spain in the future.

Sports I stay active through sports and fitness. I previously played badminton regularly, currently go to the gym, and occasionally play football.

DIGITAL SKILLS TEST RESULTS

Information and data literacy	**ADVANCED**	Level 6 / 6
Communication and collaboration	**ADVANCED**	Level 6 / 6
Digital content creation	**ADVANCED**	Level 6 / 6
Safety	**INTERMEDIATE**	Level 4 / 6
Problem solving	**ADVANCED**	Level 5 / 6

Results from a self-assessment based on The Digital Competence Framework 2.1
